

Stronger together: Add Purolator's capabilities to your 3PL operation

Whether you choose Purolator to work behind-the-scenes, or as an 'up front' partner, we'll work seamlessly to help your 3PL save time and money.

We know you take pride in the business you've built. We don't compete—we complete what you do, whether we're helping strengthen your supply chain, increase your reach, bridge gaps in service, or providing more streamlining and transparency, helping you capture a greater share-of-wallet.

Augment your capabilities with specific Purolator services

Add our proficiencies to yours for the powerful solutions your clients demand. Whether you need a single service provider for importing and distribution, fulfillment/warehousing, transportation, or returns/reverse logistics, Purolator helps you turn 'gaps in service' into 'full service.'

Whichever services you choose, you can count on your Purolator representative to work as an extension of your team, whether the task is creating new efficiencies, solving system integration issues, or working around unexpected service obstacles.

Save time and money with made-in-Canada solutions

Serving Canada best begins with Purolator: Canada-owned and built for the Canadian market. As the country's leading integrated freight, parcel and logistics solutions provider, we have built one of Canada's most extensive transportation and logistics networks and supporting infrastructure.

When you choose any facet of Purolator's services, you can be confident in our reputation for meeting commitments, transparency and collaborative problem-solving.

Delivering your promises, big and small

At Purolator, we are committed to providing you with even more shipping options to fit the full range of your customers' needs. With Purolator Ground®, you can access a suite of shipping services that offer your customers a more affordable option for less time-sensitive shipments. Purolator Express® service is designed to help you meet and exceed your customers' expectations with guaranteed time definite options.

Purolator Freight® provides expedited LTL services for urgent and time sensitive shipments. With Purolator Freight®, enjoy the benefits of expedited transit times with high on-time performance, the convenience of flexible pickup and delivery times and the ease of tracking your freight shipments online.

Standard LTL is an economical shipping solution for your less time-sensitive LTL freight shipments. When you can be flexible with your delivery dates or have more time in your schedule, you can trade time-definite delivery for cost savings by choosing the standard LTL freight service.

As your third party logistics partner, Purolator can:

- Help optimize your supply chain efficiencies
- Help reduce your costs and increase profits
- Help improve your customers' experience
- Help improve your returns management process

A partnership with Purolator helped reduce shipping-related operating costs by about 20% over 12 months.
